

THINK-LINK-ACT MUSIC MOTIONS

When I have a problem (*Hands outstretched; point to self; point to forehead*)

I know that God keeps track. (*Point to self; point to God; write on pretend tablet*)

I'll remember what I need to do. (*Point to forehead; point to self; hands outstretched*)

It's THINK, then LINK, then ACT! (*Point to forehead; hook fingers together with one palm facing up and one palm facing down; hands outstretched*)

Chorus:

THINK means I will ask myself (*Point to forehead; point to self while shrug shoulders*)

"What would Jesus do?" (*Hands to cheeks; then hands outstretched above head*)

LINK is trusting that God's Word (*Hook fingers together with one palm facing up and one palm facing down; hands open in shape of a book*)

Will tell me what is true. (*Both hands point to self; then point and shake finger in air*)

ACT means I'll connect with God (*Hands outstretched; hook fingers together with one palm facing up and one palm facing down; point upward*)

And show it all to you! (*Spread outstretched arm across body and sweep to the side*)

THINK, LINK, and ACT, that is what I'm gonna do. (*Point to forehead; hook fingers together with one palm facing up and one palm facing down; hands outstretched; point to self and nod head yes.*)

God knows more than I do (*Both hands outstretched upward; nod yes; point to self*)

When stuff gets out of whack. (*Roll hands in front of self*)

I'll remember what I need to do. (*Point to forehead; point to self; hands outstretched*)

It's THINK, then LINK, then ACT! (*Point to forehead; hook fingers together with one palm facing up and one palm facing down; hands outstretched*)

When I have to make a choice (*Point to self; point to side of temple*)

I will, yep, that's a fact! (*Point to self; nod yes; swing fisted arm in front of chest*)

I'll remember what I need to do. (*Point to forehead; point to self; hands outstretched*)

It's THINK, then LINK, then ACT! (*Point to forehead; hook fingers together with one palm facing up and one palm facing down; hands outstretched*)
